Date: March 17, 2011

Larry L. Bench, Ph.D.
Director, Criminology Internship Program
(801) 545-5593
lbench@utah.gov

The objective of the Criminology Internship Program is to provide an opportunity for students to gain first-hand experience working in a criminal justice agency. While the emphasis of the course is oriented towards gaining practical experience, students are expected to incorporate past course work into their internship experience. This will be manifested in the form of a journal and final paper.

In addition to the valuable hands on experience and academic credited received, many students are fortunate enough to be offered employment in the agency where they served their internship. Doing an internship is an excellent way to gain future employment or get to know people who can write meaningful letters of recommendation for you.

Course Requirements: Students are expected to spend 100 hours during the semester in a criminal justice agency. In addition, students must keep a chronological account of their activities in a journal and write a short research paper on a topic related to their internship.

Start the process by enrolling for the class online. If you need a permission code please contact me or the Sociology office. Next, select an agency from the list below and setup an appointment with the contact person. Once the agency has agreed to sponsor your internship you should start attending the agency on a regular basis. Note that an orientation meeting will be held on Tuesday, May 31, 2011 at 6:00 PM in BEH 109. Please plan on attending.

Please feel free to contact me my email or phone if you have questions.

Thank you

Larry L. Bench, Ph.D.
