Syllabus- Criminology Internship Program
Sociology 3593-01
Fall Semester 2014

Date: August 11, 2014

Professor: Larry L. Bench Ph.D.
Office: 313 BEH
Email: lbench@comcast.net
Phone: 801 831-5111

The objective of the Criminology Internship Program is to provide an opportunity for students to gain first-hand experience working in a criminal justice agency. While the emphasis of the course is oriented towards gaining practical experience, students are expected to incorporate past course work into their internship experience. This will be manifested in the form of a journal and final paper.

In addition to the valuable hands on experience and academic credited received, many students are fortunate enough to be offered employment in the agency where they served their internship. Doing an internship is an excellent way to gain future employment or get to know people who can write meaningful letters of recommendation for you.

An orientation meeting will be held for all students register for the course approximately the third week of the semester. You will be notified of the date and time of the meeting by email.

Course Requirements: Students are expected to spend 100 hours during the semester in a criminal justice agency. In addition, students must keep a chronological account of their activities in a journal and write a short research paper on a topic related to their internship.

Select an agency from the list below and setup an appointment with the contact person. Once the agency has agreed to sponsor your internship you should start attending the agency on a regular basis.

Course Objectives:
- Gain experience in working in a criminal justice agency
- Understand the role and function of a specific agency to the overall criminal justice system
- Gain an appreciation of the problems and challenges faced by the clientele that the agency serves
• Assess how effective the agency is in meeting its goals and objectives as part of the larger criminal justice system
• Use experience gained as a result of the internship experience to write a research paper on a subject related to the internship experience

Breakdown of final grade:
Fifty percent of your final grade will be determined based on the recommendation of your agency supervisor. Recommendations are received verbally by the instructor from the agency supervisor at the end of the semester.

Fifteen percent of your final grade will be based on a journal submitted at the end of the semester. **Assignment:** Prepare a journal based on the experiences you have had during your internship. Your journal can include (but is not limited to) personal observations, descriptions of particular events, a discussion of issues related to your agency or a combination of these components. Whichever format you choose, your journal should represent a chronology of events that have occurred in your internship and be a minimum of 10 pages (double spaced).

**Required Format**
The title page must include your name, your email address, agency, current supervisor, supervisor’s phone number, and email address. You will not be given a grade in the class without this information.

Ten percent of your grade will be based on a summary of your internship experience. **Assignment:** Note the strengths and weaknesses of your internship and include a recommendation as to whether future interns should be placed in the agency. Justify your response. This section should occur at the end of your journal. Your journal must be typed.

Twenty-five percent of your final grade will be based on a final paper. **Assignment:** Prepare a 5-10 page research paper on a topic related to your internship experience. Try and pick a topic you were introduced to as a result of your internship experience that you would like to explore further. Your paper should be typed (double-spaced), spell checked, and conform to contemporary grammatical rules and conventions. In addition, your paper should follow the stylistic guidelines contained in the *Publication Manual of the American Psychological Association (6th edition).* This manual is available at the bookstore or can be checked out at the library. Formatting information is also available on the internet.

**Required Format**
A. Abstract  
B. Introduction  
C. Literature Review  
D. Discussion  
E. References
F. Appendices (if applicable)

**Academic Honesty**

Unfortunately, academic dishonesty has become a serious problem on many campuses. The purpose for including the following statement is to prevent any misunderstanding about what constitutes academic dishonesty and what consequences will result if it is detected.

Academic honesty is expected. An act of academic dishonesty will result in a failing course grade of “E” and may result in a recommendation of additional disciplinary action. (The University of Utah Student Code provides for these sanctions and provides appeal rights.)

1. Cheating as defined in Article XI of the Student Code generally includes the giving or receiving of any unauthorized assistance on any academic work.
2. Plagiarism, as defined in Article XI of the Student Code, is “the appropriation of any other person’s work and the unacknowledged incorporation of that work in one’s own work offered for credit.”
3. Falsification is defined as any untrue statement, either oral or written, concerning one’s own academic work, the academic work of another student, or the unauthorized alteration of any academic record.
4. Original work. Unless specifically authorized by the instructor, all academic work undertaken in this course must be original, that is, it must not have been submitted in a prior course nor may not be submitted in a course being taken concurrently.

**AMERICANS WITH DISABILITIES ACT (ADA)**

The University of Utah seeks to provide equal access to its programs, services and activities for people with disabilities. If you need accommodations in the class, reasonable prior notice needs to be given to the Center for Disability Services (CDS), 162 Olpin Union Building, 581-5020 (V/TDD). CDS will work with you and the instructor to make arrangements for accommodations. All written information in this course can be made available in alternative format with prior notification to the Center for Disability Services. Please discuss any concerns with the professor as soon as possible.
Criminology Internship Program
Sponsoring Agencies

Park City – Victim Advocate Program  
Malena Stevens  
Victim Advocate Coordinator  
Park City Police Department  
435-615-5575  
malena.stevens@parkcity.org

Park City Police Department is looking for enthusiastic volunteers to assist with our Victim Advocate Program. The Victim Advocate Program is designed to assist victims of violent crime through helping them access resources (including counseling, group therapy, food resources, etc.), design safety plans, arrange shelter placement, and help the victim through the legal process. We work closely with several nonprofits within Park City and utilize a community-based approach. There are several ways volunteers can contribute: Court Advocate, In-Office Advocate, and Crisis Response Team Member (see attached documents for details). All volunteers complete a 40-hour online training and attend periodic trainings (monthly, usually on a Saturday morning). Before beginning as a volunteer interested individuals must fill out an application and pass a background check.
